

The diagram illustrates a soccer field with a green background and a white grid. Key features include:
 

- Goalposts:** Located at the left and right ends of the field.
- Center Circle:** A white circle in the middle of the field.
- Half-way Line:** A vertical white line dividing the field into two halves.
- Goal Areas:** Rectangular white outlines near each goal.
- Player Movement:** Red and blue arrows show the paths of players. A prominent yellow line traces a path from the center circle, through the right half, and towards the right goal.
- Player Positions:** White circles with colored outlines (red or blue) represent individual players at various points on the field.
